Share Your Food: An initiative by WBCPCR

WBCPCR is going to launch an online poster campaign on 10th July, 2020 tomorrow on food sharing among children during these trying times. Title of the campaign is “Share your food.”

The Commission feels that this campaign will inspire children to develop a habit of sharing food with others, specially with those who are under privileged. Sharing is considered to be one of the best practices essentially required to be learnt from childhood.

The Commission will launch 10 posters in Bengali and English both on its website (www.wbcpcr.org), twitter, Facebook page and other social media platforms.
