

## **Press Release on Summoning Gurung again**

The West Bengal Commission for Protection of Child Rights has again summoned the Gorkha Janmukti Morcha Supremo Bimal Gurung to appear in person on 10<sup>th</sup> October, 2017 at the Commission's office for ransacking the car carrying school children in Darjeeling by GJM supporters today. The Commission had summoned him earlier also and sent the proclamation notice for using children in political processions during school hours. But the Commission had received no response from their end for which the Commission was constrained to pass its recommendations and had asked the Police and the concerned departments to draw the criminal proceedings against him.

They are not only repeating the offence, their protest is taking more dangerous shape for the children in Darjeeling. Today's incident can be fatal for the children in car.

The Commission again expresses its grave concern and is taking the matter seriously.

Please find the letter of summon to the GJM Supremo.
